To Whom It May Concern:

I have had the pleasure of purchasing a custom 3500 sf home built by Chad Rothacher and RMR Group. Mr. Rothacher and RMR have been conscientious, careful and considerate in every aspect of their work. Their attention to detail, willingness to make changes at a fair rate, insistence on quality workmanship, and courtesy and respect for us as the buyer all contributed to the success of our home.

We had several timelines during construction and they were all met including our move in date established 5 ½ months prior to completion.

I can recommend Mr. Rothacher and RMR Group without hesitation as general contractors.

Sincerely,

Jerry Rochford
